Professional Qualifications

Roland Moser holds a BBA (major: Financial Reporting and Accounting) from the University of Applied Sciences, School of Business and Administration, Berne, Switzerland.

He is a Chartered Financial Analyst Charterholder (CFA), a certified Financial Risk Manager (FRM), and holds the Project Management Professional (PMP) credential.

He speaks English and German fluently and is able to communicate in French.

Background

Roland is a hands-on generalist with broad know-how and over 25 years of experience in the financial industry.

He has worked across multiple jurisdictions and cultures (Switzerland, Asia, U.S., offshore domiciles) and has more than 15 years of experience in senior roles as member of top management.

His most recent business venture is the set-up of a new consulting company in Switzerland, leveraging his Asian experience after returning to his home country Switzerland in 2019 after 12 year in Singapore and Hong Kong.

During his career, Roland covered a broad range of functions, spanning from operations, compliance, risk management, and finance all the way to general management and strategy setting. He coordinated and managed internal and external service providers and cross-cultural teams across multiple locations.

Relevant Experience

Experience

Roland has gained broad experience across financial services through his responsibilities on senior management level both in Switzerland and abroad, as well as through his involvement and leadership in a large number of projects. He likes to perform the role of an enabler, such as by building up / re-structuring a business or department with solid operations to support it or by managing and coordinating interdisciplinary projects.
